ABOUT **CRA CONSTRUCTION**

CRA Construction is an Australian-owned commercial plastering and interiors contractor, founded by husband-and-wife team Chris and Kim Allen, based in Geebung, Brisbane.

CRA deliver ceiling, partition, and integrated carpentry packages across light commercial through to Tier 2 projects and complex high-end architectural builds throughout Southeast Queensland. CRA work with builders who value structure, accountability, and clear communication. Once aligned, we stick with our builders from project to project, regardless of size, providing consistency across their workload, reducing the need to change subbies.

ABOUT **OUR PARTNER**

EJ Hall Constructions are a Brisbane-based construction company specialising in commercial renovations, new builds, and unit blocks and townhouses with 25+ years in the industry.
